PROFESSIONAL SUMMARY

Passionate software engineer with more than 4 years of international project experience and a solid foundation in computer science, currently pursuing my MSc in Data Science (minor in Software, Web & Cloud Technologies) at Tampere University. Seeking a software engineering role in Finland to apply my technical expertise, contribute to innovative projects, and grow through solving challenging real-world problems.

EXPERIENCE

BJIT Ltd.

Software Engineer (Full-time)

Dhaka, Bangladesh

Oct. 2021 – Jun. 2025

- Delivered end-to-end features as a full-stack engineer on international enterprise projects from Finland and Japan.
- Designed and implemented RESTful APIs, integrated backend with frontend, and contributed to both microservices and monolithic architectures with comprehensive unit testing to ensure code reliability, migrated legacy systems to modern Java-based web solutions, developed reporting solutions, and optimized database interactions.
- Collaborated with cross-cultural Agile/Scrum teams throughout the full SDLC, utilizing CI/CD practices to build scalable, high-quality, performant, maintainable solutions for industries ranging from manufacturing to education.

DVL Denim Ltd.

IT Executive (Part-time)

Dhaka, Bangladesh

Mar. 2021 – Sep. 2021

- Built a headless Raspberry Pi NAS with Ubuntu and Samba, while exploring networking tools and protocols.

EDUCATION

Tampere University

MSc in Data Science, Minor in Software, Web & Cloud Technologies

Tampere, Finland

Aug. 2025 – Aug. 2027 (est.)

North South University

BSc in Computer Science and Engineering; CGPA: 3.56 (89%)/4.00

Dhaka, Bangladesh

May 2015 – Dec. 2020

SKILLS AND ABILITIES

Technical Skills | *Java, Spring Framework, Angular, SQL, MariaDB, PostgreSQL, JasperReports, PowerBuilder, Git*

- Strong skills in Java, Spring Framework: Spring Boot, Spring Data, Spring Security (backend development), Angular (frontend), relational databases (MariaDB, PostgreSQL, SQL), message broker (RabbitMQ), reporting (JasperReports), legacy system migration (PowerBuilder), VCS (Git), task management (Jira), documentation (Confluence, Markdown), with strengths in problem solving, clean coding, modular design, and debugging.

Language Skills | *English (fluent), Bengali (native), Finnish (basics)*

ACHIEVEMENTS AND CERTIFICATIONS

- Awarded “Best Performer of the Year” (2023–2024) for outstanding professional contribution at BJIT Ltd.
- “Scrum Team Member Accredited Certification™”, showcasing collaborative and agile development expertise.
- Graduated with distinction (Cum Laude) for excellent academic performance.

PROFESSIONAL PROJECTS

Fikuro (Visma Finland) | *Java, Spring Boot, Angular, MariaDB, RabbitMQ, JasperReports, LaunchDarkly, Snowplow*

- Delivered full-stack features for a robust ERP, enabling scalable operations and real-time reporting for SMEs.

Mealkun (GCC Japan) | *Java, Spring Boot, Angular, PostgreSQL, JasperReports, PowerBuilder*

- Migrated legacy system to modern web stack and added reporting features to streamline school meal management.

VOLUNTARY WORK

Tampere University

Student Ambassador & Content Crew (Part-time)

Tampere, Finland

Sep. 2025 – Present

- Develop engaging content and share authentic student experiences to inspire, guide, and support prospective applicants from diverse backgrounds about academic programs and campus life.
